COLOR COLLECTION

Beautiful, durable and safe
architectural solutions
by ALPOLIC®

WE DO IT DIFFERENTLY

As an architect or designer, you know exactly how you want your design to look. Ensuring your project matches your design intent can be another story. ALPOLIC's beautiful, durable, and safe architectural solutions can help your vision become reality. Explore new possibilities with our remarkably versatile, endlessly adaptable metal composite materials.

BEAUTIFUL

Our unmatched selection of colors and finishes will ensure a stunning outcome for your project.

- Custom matching capability. Virtually unlimited color palette.
- Die coating provides a smoother finish.
- FEVE paint provides brighter colors. Finishes are available from matte to high-gloss and everything in between.

DURABLE

ALPOLIC products are made to last. Your carefully selected color will maintain its appeal for decades.

- AAMA 2605 rating means your colors will resist fading and chalking.
- The finish is inherently graffiti-resistant.
- Our unparalleled Repair and Replace Warranty covers the cost of the current value of the material, the removal of the wall panels, and the fabrication and installation of new ones.

SAFE

We're uncompromising with our MCM quality and performance to support building fire safety and code compliance.

- Incorporated into wall assemblies that have passed NFPA 285 in America and S134 in Canada.
- Third-party verification through Intertek.
- Fire-resistant core standard for projects 40 foot from grade.
