WHY CHOOSE ALPOLIC®

FEATURES

BENEFITS

Largest Stocked Inventory

More than 100 colors in stock, available for quick shipping. Order as little as a single sheet.

Expert Color Matching

We can match nearly any color thanks to our long-standing relationships with world-renowned paint suppliers.

Custom Production: 1,000 sqft minimum

Provides flexibility in custom colors or custom sizes/cores to give your clients exactly what they want with no setup fees.

Sizes: 2mm, 3mm, 4mm, 6mm

Widest range of thicknesses to meet application needs.

Coil Widths/Lengths

Standard coil widths are 40", 48", 50", 51" or 62" with lengths from 72" to 288".

Squared Sheet

Eliminates the need to have to square one side before fabrication.

Good Side up or Down Crating

This option can make loading material onto the CNC table easier – it's your call.

Technical Service Staff

Dedicated resource for navigating performance, application, and code compliance.

AAMA 2605 FEVE Paint

Highest performance criteria for architectural paint that maintains its original look for decades.

Fire Safety Testing

Incorporated into wall assemblies that have passed NFPA 285 in America and S134 in Canada.

Repair & Replace Warranty

Covers both material and labor to execute warranty for up to 35 years.

WE DO IT DIFFERENTLY

ALPOLIC® understands that each project brings unique challenges. You need the right materials at the right price, right on time. Our **beautiful, durable, and safe architectural solutions** can help your vision become reality. You deserve a partner who provides quality materials and support. For more than 50 years, ALPOLIC® has helped our customers grow their businesses while changing the face of architecture.
