## WE DO IT DIFFERENTLY

As an architect or designer, you know exactly how you want your design to look. Ensuring your project matches your design intent can be another story. ALPOLIC®'s **beautiful, durable, and safe architectural solutions** can help your vision become reality. You deserve a partner who provides quality materials and support. For more than 50 years, ALPOLIC® has helped create award-winning architecture the world over.

*How can we help you?*

# WHY CHOOSE ALPOLIC®

## FEATURES

## BENEFITS

### Unmatched Color Selection

More stock colors and color libraries offer a wide variety of available finishes.

### Custom Color Matching

Virtually any color matched so you do not have to compromise your vision.

### Endlessly Adaptable

Lightweight and capable of forming complex shapes so go ahead, dream big!

### Repair & Replace Warranty

Covers both material and labor to execute warranty for up to 35 years.

### Fire Safety Testing

Incorporated into wall assemblies that have passed NFPA 285 in America and S134 in Canada.

### Technical Service Staff

Dedicated resource for navigating performance, application, and code compliance.

### Third-party Verification

Our material is verified through Intertek, meaning we sell exactly what we promise.

### AAMA 2605 FEVE Paint

Highest performance criteria for architectural paint that maintains its original look for decades.

### Sustainable

Our paint process uses precision die-coating, which reduces the amount of paint needed to produce a beautiful finish.

### Graffiti Resistant

FEVE paints are inherently graffiti resistant, allowing markings to be removed with Watts® Removal Cleaning Products.
